## **Mayor's Beat the Heat Project**

Update: Due to the large number of requests and the limited number of remaining air conditioners, as of August 18, 2011, we are no longer accepting additional requests for air conditioners at this time. So far, more than 300 requests have been received and approximately 200 units installed.

During the record-level heat of Summer 2011, City of Longview Mayor Jay Dean launched an effort to assist elderly, disabled, and low-income residents by providing window air conditioner units for their homes. Called the "Mayor's Beat the Heat Project," the program has been funded entirely by private donations from throughout the Longview community. So far, more than \$30,000 has been pledged for the effort.
The project provides 1. Verificate air conditioner writ per household on a first come, first serves basis while supplies law. The air conditioners are 2000 RTU unlike with cooling capacity of approximately 320 square feet. The Area Agency on Aging is assisting with the foliate process for the project. Other local composition are missisted with the distribution and initialization of the air conditioners.
The alightility requirements for the project gave preference to:
- Edderly (page 66-) or of abalied residenting (Reside within 2p Codes 75500-75500)
- Less income residents (Betalde at/life): Zg Codes 73650-73600)
- Homes that do not currently have deliquated an conditioning
